ANZSCO Code	234711
PCAT Code	1119192
Date of Approval	April 2018
Agency Website	www.lls.nsw.gov.au

Agency overview

Local Land Services (LLS) was established in January 2014 to provide quality, customer focused services to landholders and the community across New South Wales. The organisation brings together the agricultural advice, biosecurity, natural resource management, emergency services and Soil Conservation Service functions previously provided by 28 organisations into a single organisation comprising around 950 staff with a budget of approximately \$225 million.

LLS provides products and services that are strongly focused on meeting local customer needs, combined with the strength of being a single organisation governed by the Local Land Services Board. Eleven local regions, Sustainable Land Management and the Soil Conservation Service are responsible for local delivery. Each local region has a local board which is responsible for the oversight of day-to-day operations and local strategic direction in line with state priorities. The regions vary in geographic and organisational size and are supported by the state operations unit.

The Sustainable Land Management business unit provides regulatory services under the Biodiversity Conservation Act 2017 and the Soil Conservation Service is a commercial entity for environmental consulting and soil conservation services.

Primary purpose of the role

The role contributes to the Animal Biosecurity and Welfare service delivery functions for the Local Land Service (LLS) including prevention, preparedness, detection and response activities to animal diseases and animal welfare in line with state and national objectives to contribute to safeguarding the NSW economy, environment and community and meet national and state standards and outcomes.

Key accountabilities

- Implement priority field animal biosecurity and animal welfare activities to deliver outcomes which protect the economy, the environment and the community of NSW
- Contribute to the LLS Animal Biosecurity and Welfare function and team to ensure effective and efficient implementation of strategies and plans and to ensure biosecurity risks are mitigated at the local level
- Implement plans and strategies for engagement with the community and other key stakeholders to effectively market, foster commitment to, and enhance understanding of the animal biosecurity and welfare functions of the LLS
- Deliver animal biosecurity surveillance activities to ensure rapid identification of new and emerging biosecurity threats and assist in the implementation of response and post recovery programs
- Undertake disease investigations in all species and provide advice and analysis to ensure timely response to biosecurity threats
- Deliver compliance programs to ensure legislated biosecurity obligations including pest and disease management and livestock traceability meet national performance standards
- Research, analyse and prepare written material on specific issues including, discussion papers, reports, briefing notes and media releases and articles
- Assist in the implementation of the necessary transition to management program where containment and eradication is not feasible

Key challenges

- Implementing innovative and strategic policies to deal with new and emerging animal biosecurity and welfare issues given the fluid nature of industry and community expectations
- Engaging with and maintaining partnerships with external organisations and varied stakeholders and clients in an operating environment that is constantly changing and implementing procedures and guidelines to ensure that decisions made and activities undertaken comply with relevant legislation, corporate and LLS priorities
- Keeping up to date with professional, technological and environmental developments to ensure the delivery of the most timely, low risk and effective programs and responses and translating priorities, plans and standards into effective on ground, field programs and projects
- Integrating animal biosecurity and welfare priorities and programs with other service delivery initiatives of LLS
