Agency overview

The Department of Regional NSW was formed in 2020 as a central agency for regional issues. The Department is responsible for building resilient regional economies and communities, strengthening primary industries, managing the use of regional land, overseeing the state's mineral and mining resources and ensuring government investment in regional NSW is fair and delivers positive outcomes for local communities and businesses.

NSW Public Works is part of the Department of Regional NSW and supports local and state government agencies to deliver critical infrastructure initiatives by providing expert advisory, planning, design, delivery, and support services. Our work is in the hospitals, dams, water treatment plants and high schools – the real foundations of prosperous communities. Every day we help shape the ambitious projects that bring progress to more people in NSW. From forging a more sustainable relationship with the land around us, to engineering the big ideas of the future. In every challenge we see the chance to build stronger and more connected communities.

Primary purpose of the role

The Senior Program Manager leads and manages assigned zones/categories to ensure consistent, quality client service and program/project delivery performance incorporating high quality procurement and contract administration leadership and service.

The role also complements other zone/category Senior Program Managers and Public Works Specialists to offer multi-dimensional advice to clients about the most optimal way of meeting their asset needs to enable them to deliver their services. The Senior Program Manager is a member of the senior management team and assists the Director in the management of the business unit.

Key accountabilities

- Manage and lead teams responsible for the planning and delivery of a range of projects including complex strategic projects and programs.
- Lead project procurement planning and contract management risks, dispute resolution by providing advisory coaching, mentoring and training support to regional project personnel and clients overseeing performance of project contract personnel.
- Maintain probity in the purchase of contract services by ensuring compliance of regional project personnel with organisational policies, practices and procedures, the NSW Code of tendering and the Code of practice and applicable statutes.
- Be a trusted advisor to agencies across government on practical and innovative solutions to their asset needs and further develop the knowledge of Government/Client assets.
- Contribute to the development of business cases, assurance approaches and implementation, project management approaches, deal concepts and lead client liaison before and during provision of advice.
- Develop and foster close liaison and effective relationships with clients as well as Public Works Advisory Specialists to ensure asset strategies support the delivery of optimal business outcomes.
- Proactively act to identify and mitigate risks to the business and clients.
- Assist the Director in the management of the business unit by actively participating in business activities as a member of the senior management team/service improvement team, including such matters as project management practices and procedures, client relationships and satisfaction, business planning, bid management, continuous improvement, business development and regional, resource planning.

Key challenges

- Maintain and apply a thorough and up-to-date knowledge of current industry trends and practices and Government policies, regulations and requirements so that proposed solutions and project works are cost and resource efficient.
- Drive client satisfaction through the delivery of quality services within mutually agreed parameters to ensure that clients receive the best possible advisory, procurement and contract services.
- Use personal influence, negotiation and leadership skills to facilitate and drive client responsiveness and engagement.
