

## Recruitment Info Sheet - Control Centre Officer

### Is this the career for you?

A career as a Control Centre Officer can be very rewarding, but it is not suited to everyone. The role requires attention to detail in a technical environment and the ability to multitask under pressure. These skills are vital to maintaining the welfare of the community and, as such, the job is a highly valued profession. Being a Control Centre Officer can be a tough job and the mission-critical nature of the work means that at times the role can be stressful.

It is important that you do some research into the Control Centre Officer role, read the Control Centre Officer role description and discuss the position with your family and/or support network, as deciding to apply for the role is a big decision and requires a person with a unique set of skills and abilities. Once you have done this, consider the below questions and discuss with your family whether you may be suited to this role and what the impact of this role may be on you and your family.

- Do you have the underpinning skills and abilities essential to this role?
- Do you have strong judgement and decision making skills?
- Can you type quickly and accurately while listening to information?
- Can you use complex computer systems with multiple screens?
- Can you be appropriately assertive but empathetic with people who are distressed?
- Can you work within a scripted and highly supervised environment?
- Are you committed to maintaining a good level of physical and emotional wellness for work?
- Do you have a high degree of situational awareness?
- Do you maintain your fitness for work?

**If your answer is yes to these questions, discuss with your family what the impacts of the following would be and ask yourself would you be able to adjust to:**

- Undertaking the initial six week recruit training program in Sydney and afterwards committing to continual ongoing training?
- Staying at a console for 12 hours, leaving only for scheduled breaks?
- Working a set shift work roster that involves working up to 12 hour day and night shifts, public holidays, weekends and missing out on important family or social events?
- Taking emergency calls one after the other, and not being able to find out the outcome of the patient?
- Multitasking to the extreme in a high pressure, unpredictable and complex environment?
- The emotional impact of dealing with death and trauma, shift after shift?
- Working in a highly structured environment?

**If your answer is yes to these questions and you are strongly considering a Control Centre Officer career, please continue reading this booklet for more information on the recruitment and selection process and the Control Centre Officer role itself.**

## Recruitment Info Sheet - Control Centre Officer

Southern Control Centre (Warilla)	Communications Assistant	Rotating 5 days on, 3 days off   8 / 9 hr shifts   commencing at 0600, 0700, 1500 or 2200
Southern Control Centre (Warilla)	Control Centre Officer	Rotating 4 days on, 5 days off   12hr shifts   commencing at 0600 and 1800
Western Control Centre (Dubbo)	Control Centre Officer	Modified rotating 4 days on, 5 days off   10-12 hr shifts   commencing at 0700, 0900, 1100 or 1900

#### Please note:

- If you have applied as a Control Centre Officer, you will work the Communications Assistant roster until you're completed all the Control Centre Officer training – this could be 6 – 12 months.
- Shift work will affect your family and lifestyle. You will need to discuss the implications to your home life with your family.
- NSW Health facilities have a no smoking policy. Smoking is only allowed off premises during the rostered break period. You will not be allowed to leave in order to take an unplanned break.
- Control Centres work to operational demand, therefore not every leave request can be granted. Focus will be on shift swaps rather than management changing rosters to facilitate leave requests.
- From time to time management may review and make changes to rosters and shifts to better accommodate operational need.
