

## FASTstream - Nominating teaching areas

Successful applicants to the FASTstream program will be appointed to an above establishment position in a NSW public school as a teacher, assistant principal, head teacher or deputy principal according to their substantive teaching position.

Applicants are encouraged to nominate all areas. Applicants are required to nominate a minimum of 6 staffing areas in which they are willing to teach from Table 1. A minimum of 3 of these staffing areas must consist predominantly of schools that are classified as regional or remote, as listed in table 2 below.

Staffing areas that may be included in the 3 regional/remote areas are marked with an asterisk. Maitland and Windsor staffing areas, have substantial numbers of schools that are classified as regional but do not qualify for inclusion in the minimum 3 regional or remote areas.

The location of these staffing areas can be viewed [here](#).

Each public school in NSW has been classified using the Australian Statistical Geography Standard (ASGS) as being in one of 5 categories

- Major cities of Australia
- Inner regional Australia

- Outer regional Australia
- Remote Australia
- Very remote Australia.

For the purposes of FASTstream, a regional or rural placement will be a school that is not classified as being in major cities of Australia. These schools are listed in Table 2, and can be viewed [here](#).
