### Agency overview

Our Mission: NSW SES saving lives and protecting communities.

Our Vision: Be the best volunteer emergency service agency in Australia.

The NSW State Emergency Service (NSW SES) is an emergency and rescue service made up almost entirely of volunteers and supported by a small staff contingent. NSW SES is a key influencer of other emergency service agencies and works closely with these partners to modernise and grow volunteering to save lives and protect communities

While major responsibilities are for flood, storm operations and tsunamis, the NSW SES also provides the majority of general rescue effort in the rural parts of the state. This includes road accident rescue, vertical rescue, bush search and rescue, evidence searches (both metropolitan and rural), other forms of specialist rescue that may be required due to local threats, Urban Search and Rescue and Community First Response.

### Primary Purpose of the role

Lead, command and manage groups of Units clustered into operational areas within the Zone. Manage the day-to-day activities of operational readiness and planning. The role will be responsible for establishing and maintaining key relationships. May act as Operations Commander or may be appointed as an Incident Controller.

### Key accountabilities

- Provide leadership, management and direction to groups of Units through Local Commanders to ensure operational readiness and planning with Unit capability to respond to defined roles
- Advise, mentor and support Local Commanders with planning, operations and leadership activities
- Work collaboratively with the Business Service Support Manager to ensure Units are provided with resources, equipment and facilities to enable a high level of readiness and operational capability consistent with defined roles
- Maintaining an awareness of all volunteer related issues across the Zone; including supporting Local Commanders to ensure compliance with NSW SES requirements

- Work collaboratively with the Training Directorate to define Unit training needs for operational management and flood planning
- Ensure systems are in place to regularly and rigorously evaluate operational readiness and capability via exercising
- Develop and maintain Standard Operating Procedures (SOPs) for the Zone; assist Units in the development of SOPs for their operation centres
- Deputise for the Zone Commander and carry out Zone management activities as required

## Key challenges

- Build and manage effective working relationships internally across Units in the Zone and the role cohort, as well as externally with Council's, to ensure role deliverables are met
- Dealing with a diverse range of complex and sensitive issues in an environment characterised by conflicting priorities and political and/or social sensitivities
