Planning,  
Industry &  
Environment

Cluster	Planning, Industry & Environment
Agency	Department of Planning, Industry & Environment
Division/Branch/Unit	Corporate Services/Office of the Deputy Secretary
Location	Sydney
Classification/Grade/Band	Band 1
Senior Executive Work Level Standards	Work Contribution Stream: Professional/Technical/Specialist
ANZSCO Code	132411
PCAT Code	2121392
Date of Approval	September 2019
Agency Website	<a href="http://www.dpie.nsw.gov.au">http://www.dpie.nsw.gov.au</a>

### Agency overview

The Planning, Industry and Environment Cluster (DPIE) was formed in 2019. The Cluster drives greater levels of integration and efficiency across key areas such as long-term planning, precincts, housing, property, infrastructure priorities, open space, the environment, our natural resources – land, water, mining – energy, and growing our industries. There is a strong emphasis on regional NSW

### Primary purpose of the role

Lead and direct the Enterprise Project Management and Program function for DPIE including delivering project/ program oversight, process, system and service transformation across the Department. The role facilitates and leads business project delivery.

The role:

- leads the PMO project/portfolio governance and reporting,
- leads the enterprise project reporting service in line with whole of organisation strategy and plans,
- provides high level program advice for a range of new and emerging enterprise project issues, in particular those requiring coordination across the Division, and
- provides hands on program management of high profile cluster initiatives.

### Key accountabilities

- Build, and lead a high performance Enterprise Project Management project delivery and organisational change management team of project managers with a strong level of engagement, retention and cross discipline and business collaboration
- Drive program and project management on priority areas within the Department, providing hands on program management leadership of high profile cross-jurisdictional cluster programs to achieve DPIE objectives

- Direct and oversee the delivery of a project management function and facilitate project delivery to ensure projects and project outcomes are tracked, reported and evaluated. This includes the design and implementation of a common project management methodology, standards and tools to drive the successful delivery of project outcomes across the Department
- Foster collaborative and mutually supportive relationships with Divisional project leaders and senior stakeholders, assess cross-functional project team capability, provide coaching, training and support to enhance DPIE's project/program management capability, and improve collaborative development and project results
- Manage the procurement services contracts associates with program and projects to ensure they are conducted in accordance with the highest standards of probity, transparency and fairness and that processes are compliant
- Contribute to the achievement of DPIE business financial objectives for the development of projects including project cost plans, benefits value management, master planning/ programming, vendor management and risk management

## Key challenges

- Achieve organisational change and business program governance, delivery and planning priorities across a large, complex organisation
- Working closely with and understanding Divisional and Group businesses sufficiently to properly analyse, document and develop programs and projects which meet business and government requirements and support the change process while keeping up to date with current and emerging best practice, Government policy and statutory requirements
