Date of Approval	24 September 2020
Agency Website	www.dpie.nsw.gov.au

Agency overview

Our vision is to create thriving environments, communities and economies for the people of New South Wales. We focus on some of the biggest issues facing our state. We deliver sustainable water resource and environment management, secure our energy supply, oversee our planning system, maximise community benefit from government land and property, and create the conditions for a prosperous state. We strive to be a high-performing, world-class public service organisation that celebrates and reflects the full diversity of the community we serve and seeks to embed Aboriginal cultural awareness and knowledge throughout the department.

Primary purpose of the role

The Senior Environmental Assessment Officer must deliver high quality, efficient and timely assessment advice to ensure State significant projects meet all statutory obligations and Government goals. You will be responsible for ensuring the environmental management framework for large complex and transformative projects in the Sydney region are best practice to meet Government goals for a more robust and efficient state planning system, that protects and enhances our urban and natural environment.

Key accountabilities

- Assess the merits of complex State significant projects in line with best practice frameworks and benchmark assessment outcome turnaround times.
- Produce high quality work on a wide range of planning matters, including the preparation of well written reports and briefing notes and effective conditions of consent.
- Identify, critically analyse and evaluate key issues, recommend innovative options, solutions, practices and processes to enable timely responses to customer enquiries and to assist in resolving disputes.
- Assist in the development of policy to improve assessment processes and to guide the assessment of the merits of projects.

- Contribute to the development and maintenance of systems and ongoing improvements to increase team
 efficiency and effectiveness.
- Translate complex technical information into easy to understand plain English guidelines, reports and communications.
- Complete other duties under direction.

Key challenges

- Complete assessments within the benchmark timeframes in a manner to provide greater certainty for applicants and the community whilst not sacrificing the quality of these assessments.
- Deliver competing assessment projects in a high pressure, challenging and dynamic environment and manage the different and competing interests of various external agency, stakeholder and community expectations to maintain the integrity of the Government's planning program.

Key relationships

Who	Why
Internal	
Director	 Provide technical advice and recommendations on status of assessments. Keep informed of emerging and contentious issues or conflicts. Contribute to implementation of team business plan.
Team Leader	 Receive instructions and guidance and provide support required. Provide accurate technical advice and recommendations on assessment matters. Keep informed of assessment performance against established standards. Keep informed of emerging and contentious issues or conflicts. Work collaboratively to plan program of work and achieve team goals and objectives.
Team Members	 Work as a team member and collaborate to share information on programs and projects. Participate in team meetings to contribute ideas to improve program, service delivery and work outcomes. Coach, mentor and provide support to assist to achieve business and operational goals.
External	
State and Local Government agencies, mining companies, owners/developers, private sector, industry and community stakeholders	 Establish and maintain effective relationships and communication networks. Engage and involve in the assessment process. Liaise to ensure effective coordination and cooperation to respond to enquiries, deal with complex issues, and resolve customer concerns. Provide clear information and high-quality statutory advice on current planning matters.

- Proven knowledge of relevant environmental assessment and planning legislation and its practical application.
- Proven experience in the field of environmental impact assessment or similar.
- Proven Experience in stakeholder engagement and project management.

Essential requirements

Degree in environmental science or management, engineering, planning or other relevant discipline. Willingness to travel and (minimum) Class C Driver's License.

Capabilities for the role

The NSW public sector capability framework describes the capabilities (knowledge, skills and abilities) needed to perform a role. There are four main groups of capabilities: personal attributes, relationships, results and business enablers, with a fifth people management group of capabilities for roles with managerial responsibilities. These groups, combined with capabilities drawn from occupation-specific capability sets where relevant, work together to provide an understanding of the capabilities needed for the role.

The capabilities are separated into focus capabilities and complementary capabilities.

Focus capabilities

Focus capabilities are the capabilities considered the most important for effective performance of the role. These capabilities will be assessed at recruitment.

The focus capabilities for this role are shown below with a brief explanation of what each capability covers and the indicators describing the types of behaviours expected at each level.

FOCUS CA	OCUS CAPABILITIES			
Capability group/sets	Capability name	Behavioural indicators	Level	
	Display Resilience and Courage	Be flexible, show initiative and respond quickly when situations change	Adept	

Be open and honest, prepared to express your views, and willing to accept and commit to change
