AGENCY OVERVIEW

The Sydney Opera House is an Executive Agency of the NSW Department of Enterprise, Investment and Trade. The Opera House is operated and maintained for the Government of NSW by the Sydney Opera House Trust, which is constituted as a body corporate under the Sydney Opera House Trust Act 1961.

The Sydney Opera House is an iconic Australian institution that embodies beauty, inspiration and the liberating power of art and ideas.

Our vision is to be as bold and inspiring as the Opera House itself.

Our mission is twofold:

- To treasure and renew the Opera House for future generations of artists, audiences and visitors; and
- To inspire, and strengthen the community, through everything we do.

PURPOSE OF THE ROLE

This role works as part of a team to deliver the highest technical services.. The role is customer focused and supports performers to achieve excellence in their field. This role leads small technical teams to deliver outstanding theatre and entertainment production services to clients.. It also contributes to the management, development, care and security of the technical equipment at the Opera House and assists in the development of skills and standards within the Production Services portfolio that meet presenter and SOH expectations.

KEY ACCOUNTABILITIES

- Operation and set up of sound equipment in live performance situations including system design and configuration of sound equipment in all theatres and performance spaces for productions and events.
- Supervise and lead small teams in a productive and efficient manner to deliver outstanding production services, communicating effectively, and providing training and mentoring as required.
- Follow and create documentation such as stage plans, input lists or patch sheets, cue lists and other technical documents as required and independently setup sound systems for use across all theatres and performance spaces.
- Identify and problem solve sound technical faults relating to productions, including the use of SOH fault reporting systems.
- Meet SOH expectations by contributing to a customer service culture within Production Services and Production and Events teams.
- Ensure technical requirements for productions are delivered safely; making WHS a high priority for all Production Services employees.
- Properly store, clean and maintain equipment, as well as clean and keep all storage and backstage areas tidy.

KEY CHALLENGES

- Working in a dynamic live theatre environment, balancing challenging variables, such as irregular and long shifts, physical work, live performance deadlines, as well as the sheer complexity of size and restrictions associated with working at SOH.

KEY RELATIONSHIPS

WHO	WHY
Internal	
Heads of Department, Production Managers and Senior Managers	To receive strategic and operational guidance..
Sound AV Supervisors/Operational Supervisors and /Production Managers	To work as directed in a team-based environment and monitor, maintain and review venue and equipment.
Production Services Technical Staff	To work within and maintain an effective team environment and culture. Provide supervision and leadership to small teams as required, communicating technical and interpersonal standards and operational needs, and providing training and mentoring.
External	
Clients	To collaborate and support on all aspects of production requirements.

ROLE DIMENSIONS

The Position has responsibility to follow documentation and direction from a Supervisor or Production Manager to achieve a technically smooth and competent production. The role may plan a task and lead a small team to achieve this. The position has the responsibility to operate equipment to the highest standard to the satisfaction of Head of Department, Supervisors and to the client's needs and expectations.

ESSENTIAL REQUIREMENTS

- Comprehensive skills and experience (minimum 3 years) in professional sound..
- Ability to perform the following technical roles;
 - FOH and Monitor mixing across multiple genres.
 - Fundamental system design, configuration and engineering.
 - Radio frequency co-ordination and management for wireless microphones and in-ear systems.
 - Setup and patching of digital audio transport systems including common AoIP protocols as well as IP/ Wi-Fi networks for use with system control.
- Good working knowledge of market leading audio mixing systems.
- Ability to lead small teams to execute an effective and efficient outcome.
- Ability to interpret and create relevant event documents and implement technical sound production requirements.
- Physical fitness, agility and ability to work at heights, good hearing and vision.
- Ability and commitment to work on a rotating shift basis.
- Ability to work effectively under pressure and prioritise work.
- Demonstrated ability to work cooperatively within teams and across multiple disciplines to ensure the highest standards of production are achieved.
- Good communication skills and well-developed interpersonal skills.
- Commitment to abide by the Opera House policies, particularly WHS procedures and manual handling techniques.
- Demonstrated knowledge and application of computer related-technology.
