Agency overview

TAFE NSW's purpose is to skill the workforce of the future. It is Australia's leading provider of vocational education and training with over 500,000 annual enrolments and a proud history for setting the benchmark for quality service. As the NSW public provider, it supports the NSW Government's priority to grow skills for the economy and jobs of tomorrow. Critically, TAFE NSW plays a vital role in providing vocational education in rural and regional NSW, and job training pathways for the most vulnerable in the community.

TAFE NSW offers the best of campus-based delivery as well as flexible, online and work-based learning. The TAFE NSW values of Customer First, Collaboration, Integrity and Excellence guide our team in strengthening communities, delivering world-class training for our students and producing job ready graduates for employers. The operating environment for TAFE NSW is dynamic as we leverage our scale, expertise, passion and reputation to meet the rapidly changing VET landscape.

TAFE NSW is committed to its students and customers and the role it plays in changing lives and opening up opportunities through learning.

Primary purpose of the role

This position collaborates closely with the business to implement employee centred programs aimed at fostering a safe workplace and enhancing and restoring the health of employees across TAFE NSW. The position provides technical expertise and guidance through effective injury management, applying early intervention strategies and resolves challenges to workers compensation matters.

Key accountabilities

1. Provide technical and specialised advice to support and assist the injury management team in the assessment and triaging of incoming case allocation.
2. Deliver subject matter expertise and guide stakeholders on managing both workers' compensation and non-work-related matters to ensure best practice outcomes and enhance the recovery-at-work experience for injured employees.
3. Collaborate and provide input to the design and implementation of case management strategies to facilitate sound case management practices, support service delivery, and ensure compliance and performance measures are achieved.
4. Contribute to the development, establishment and refinement of processes and procedures to optimise the performance of workers compensation premiums, effective case management and injury prevention.
5. Coach and drive stakeholder capability in injury management solutions to assist in the resolution of local matters or escalation processes with insurers.
6. Participate in claims reviews and/or case conferences and provide technical advice for cases that require strategies or additional support, informing stakeholders on the progression and management of cases.
7. Administer regular reviews to assist with the identification of high-risk claims, identifying opportunities for improvement and assist in the development of strategic action plans for individual cases.
8. Reflect TAFE NSW's values in the way you work and abide by the policies and procedures to ensure a safe, healthy and inclusive work environment.
9. Place the customer at the centre of all decision making.
10. Work with the Line Manager to develop meaningful performance development and review plans.

Key challenges

- Balancing effective injury management and influencing the decision of others ensuring the needs of the business and the injured worker are met.
- Managing complex workers compensation claims and supporting employees through best practice initiatives.
