### Agency overview

The Department of Primary Industries and Regional Development (DPIRD) is the Department dedicated to growing primary industries and supporting regional economic development to deliver long term benefits to the state. Our focus is to protect, support and develop our primary industries, mining sector, and regions.

DPIRD brings together Agriculture and Biosecurity; Fisheries and Forestry; Local Land Services; NSW Resources; Regional Development and Delivery; the Regional Growth NSW Development Corporation; NSW Public Works and Soil Conservation Service.

We have nearly 5,000 employees, with almost 80 per cent of us living and working in regional NSW.

### Primary purpose of the role

Project manage, review and deliver a range of business planning and financial support deliverables that contribute to the effective implementation of the Fisheries and Forestry group strategic plan and program outcomes.

### Key accountabilities

- Project manage the evaluation of current performance monitoring processes and priorities for designated projects across Fisheries and Forestry; research and evaluate potential performance improvements, recommending appropriate improvements to build effective financial and asset monitoring strategies
- Manage and oversee all aspects of finance and business-related projects developing effective methodologies, monitoring and reporting tools, whilst providing advice to improve business processes and support group, divisional and team collaboration
- Ensure compliance, governance and quality requirements for transparent financial management to support DPI Fisheries in meeting government expectations and identified outcomes
- Manage the budget and capital project and planning cycle, including developing plans, identifying and coordinating resources, managing budgets, and meeting reporting requirements, to ensure

outcomes, including the management of Fisheries and Forestry Trust Companies are achieved on time, on budget, to quality standards and within agreed scope

- Encourage change in workforce culture by facilitating cross-learning, developing flexible work structures and broaden dialogue, to encourage innovation and synergies between Fisheries and Forestry business units, broader DPIRD and internal and external stakeholders
- Prepare and maintain financial documentation by sourcing and collating information for reporting, monitoring and evaluation purposes to contribute to the achievement of effective business outcomes

## Key challenges

- Developing, coordinating and implementing effective and innovative performance monitoring and reporting solutions to support and deliver diverse business outcomes
- Identifying and delivering consistent business systems and processes to support Fisheries and Forestry
