

# Role Description

## Application Developer – Digital Technology and Innovation

Cluster	Justice
Agency	NSW Police Force
Command/Business Unit	Digital Technology and Innovation (DTI)
Location	Police Headquarters (PHQ), Parramatta
Classification/Grade/Band	CSO3
ANZSCO Code	261312
PCAT Code	1226492
NSWPF Role Number	
Date of Approval	28 / 08 / 2018
Agency Website	<a href="http://www.police.nsw.gov.au">www.police.nsw.gov.au</a>

### Agency overview

The NSW Police Force (NSWPF) vision is for a *Safe and Secure New South Wales*, which is achieved by police working with the community to reduce violence, crime and fear.

It is one of the largest police forces in the western world, with more than 20,000 NSW Police Force employees, including more than 16,000 sworn officers providing a range of law and order services 24 hours a day, seven days a week to the socially, geographically and culturally diverse community of NSW.

The organisation has five function lines, based across a number of locations. Metropolitan Field Operations and Regional NSW Field Operations provide frontline services directly to the community. Investigations & Counter Terrorism provides investigative, technical and counter terrorism expertise. Specialist Support provides an operational support function along with a range of specialised services. The fifth function line, Corporate Services, provides business support services such as technology and communication, education and training and corporate human resources functions.

The NSWPF *Statement of Values* and *Code of Conduct & Ethics* outlines appropriate behaviour for all NSW Police Force staff. All employees of NSWPF are expected to ensure ethics are incorporated into all aspects of their work making ethical behaviour, practices and decision making a part of daily routine. This further extends to ensuring confidentiality and information security is maintained at all times.

Work, Health and Safety legislation requires all employees to have specific responsibilities. This role is responsible for following all NSWPF health and safety policies and taking all reasonable care that their actions or omissions do not impact on the health and safety of others.

### Primary purpose of the role

The Application Developer works within a team to develop, implement, maintain and support software, web, and multi-media applications which facilitate business outcomes.

### Key accountabilities

- Assist in the development of applications solutions in accordance with the software development lifecycle and development frameworks.

- Provide ongoing development support and maintenance of applications by troubleshooting, detecting and correcting faults, undertaking small development tasks and technical impact analysis.
- Maintain technical expertise on emerging technologies and multiple development platforms in a fast-changing IT environment.
- Ensure that development of IT solutions comply with the relevant NSW Police Force information technology policies, procedures, standards and taking corrective action as required.
- Assess, analyse and resolve user issues in a timely manner.
- Develop and prepare technical guidelines and support documentation for the broader DTI and the Service Desk in particular.

## Key challenges

- Implement professional and commercially robust solutions that meet business requirements
- Maintain technical expertise on emerging technologies in a fast-changing IT environment
- Balance competing demands to ensure project objectives are achieved.

## Key relationships

Who	Why
