## MESSAGE FROM THE DIRECTOR

The Art Gallery of New South Wales in Sydney is one of Australia's most popular art museums and a vital part of the nation's cultural life. Through our collections, exhibitions, programs and research we aim to extend and enrich our visitors' emotional and intellectual engagement with art.

My vision for the Gallery is to become an expanded global art museum of the 21<sup>st</sup> century, with more space to share our collection and major temporary exhibitions with more visitors.

Thanks to the generous support of the NSW Government and private donors, this vision will become a reality with the opening of a new gallery building designed by international architectural practice, SANAA. Together with our much-loved existing building, the expanded Gallery will deliver Sydney, NSW and Australia with a new civic meeting place that provides a compelling and inspiring exploration of art and culture. An expanded Gallery will allow us to increase our annual visitation and be recognised both nationally and internationally for the quality of our collection, facilities, staff, scholarship and the innovative ways in which we engage with our audience.

We are proud of what we have achieved so far and look forward to engaging employees who will work with us to achieve our vision for the future of an expanded and transformed Art Gallery of New South Wales.

Director, Art Gallery of New South Wales

## OUR VISION

From its base in Sydney, the Art Gallery of New South Wales (the Gallery) is dedicated to serving the widest possible audience as a centre of excellence for the collection, preservation, documentation, interpretation and display of Indigenous, Australian and international art, and a forum for scholarship, art education and the exchange of ideas.

## GOALS

Our goal is that by the time of our 150th anniversary in 2021, the expanded Gallery will be recognised both nationally and internationally for the quality of our collection, our facilities, our staff, our scholarship and the innovative ways in which we engage with our various audiences.

It is essential the Gallery continues to build on its reputation as Australia's leading art museum in the fields of contemporary art and international contemporary art from the past 50 years, while maintaining its significant commitment to our Aboriginal and Torres Strait Islander heritage and historical Australian, Asian and European art. As Australia's premier art museum, we must reflect the continuing evolution of the visual arts in the 21st century alongside the development of new channels of global communication that increasingly transcend national boundaries. While we live in an era of overall financial constraint we also have high levels of new thinking and ever-increasing expectations.

## OVERVIEW

The Art Gallery of New South Wales is a statutory body established under the Art Gallery of New South Wales Act 1980 and is an executive agency within the Department of Planning and Environment.

The Gallery's collection – of Indigenous, Australian and International art – is its greatest asset and a significant cultural asset of Australia.

Within Australian art, the Gallery holds important collections of Aboriginal and Torres Strait Islander art including bark paintings, the monumental Pukamani grave posts commissioned in the late 1950s, major central desert paintings and contemporary urban work.

The Gallery has the most comprehensive collection of Australian art including 19th-, 20th- and 21st-century paintings, drawings, photography and sculpture.

Internationally, the Gallery has an outstanding collection of European painting and sculpture from the 15th to 19th century and significant 19th-century British Victorian art acquired to coincide with the opening of the Gallery and expansive collections of Asian art including thematic displays of Chinese, Japanese, South and South-East Asian art.

The Gallery complements its permanent collection by generating major exhibitions through loans from major national and international institutions and private collections. More than 30 temporary exhibitions are delivered annually including flagship exhibitions such as the Archibald, Wynne and Sulman prizes.

The Gallery designs and presents public programs that inspire the widest possible range of audiences and gives them access to information and ideas through activities, publications and online channels. The program of public events attracts over 190,000 visitors each year and more than 100,000 students visit the Gallery annually to participate in education programs.

Volunteers are an essential part of the life of the Gallery and over 140 guides undertake a range of activities including tours of the collection and exhibitions. The program has been running at the Gallery since 1972 and attracts volunteers from a broad cross-section of the community.

The Gallery is committed to the broadest possible reach through education and public programs, publishing, outreach, loans, internships, mentorships, sponsorship, benefactor and volunteer programs, membership and research.

The Gallery also operates as a significant Sydney social hub and entertainment facility, with cafes, events, and a shop. It also publishes high quality catalogues and books. It is renowned as a scholarly centre of excellence, with facilities including an extensive archive and library.

## THE ART GALLERY EXPANSION

The Gallery is currently undergoing an expansion, which involves the construction of a new building to the north of the existing Gallery building. The new building designed by international architectural practice, SANAA, is made up of seven pavilions which seamlessly merge with the surrounding landscape. Expansion of the Gallery will offer a significant increase in space to display more of the State art collection and major national and international temporary exhibitions. The expansion is being jointly funded by public and private contributions, with the NSW Government's \$244 million contribution matched by \$100 million pledged by private donors.

The new building is planned for completion to mark the 150th anniversary of the Gallery's founding, and aims to increase annual visitation to the Gallery, including doubling school and teacher visits per year.
