### Agency overview

Over the next 40 years, Sydney's population is projected to swell to over 12 million residents and regional NSW will accommodate an extra 700,000 people. Transport for NSW is delivering an unprecedented \$55.6b investment into a truly game changing Future Transport strategy which will bring together several modes and cutting edge technologies to deliver satisfaction and safety for our customers while supporting a rapidly growing economy.

### Primary purpose of the role

The primary purpose of the role is to provide a high standard of customer service in the resolution of complex or escalated enquiries and the processing of more complex or difficult transactions, including providing support to and resolving issues with employees, vendors, suppliers, customers and members of the general public. The role plays an active part in supporting the Team Leader in identifying and implementing opportunities for service delivery improvement in all areas of operations including resource management, building skills and capabilities in the team, and continuously improving processes, systems and the knowledge base.

### Key accountabilities

- Live the NSW Public Sector and organisational values to achieve outstanding outcomes for the organisation and customers.
- Provide support to the Team Leader and other members of the team to ensure that approved procedures and processes are consistently applied to deliver services in a compliant and efficient manner.

- Handle more complex enquiries and transactions as referred by the team, monitor the resolution of these to ensure that tickets are closed out only when the issues have been fully resolved and process transactions where required to meet business performance.
- Trouble-shoot and problem solve recurrent customer service issues, owning and taking accountability for appropriate and timely solutions, and identifying opportunities for continuous improvement.
- Communicate with customers in a courteous and empathic way, demonstrating a willingness to assist and a commitment to providing high-quality service.
- Achieve the required shared services performance levels in terms of customer satisfaction, efficiency and effectiveness of services provided.
- Effectively use a range of computerised systems, technology and telephony solutions to undertake work tasks, triage, refer or escalate work tasks, enter data and maintain up to date records in order to facilitate work allocation, performance analysis and service improvement.
- Support the team leader in allocating and monitoring work within the team, participate in regular quality assessments, helping to achieve team objectives by contributing to a team environment of knowledge and information sharing, continuous improvement, and skill and capability development.
- Participate in cyclical operational and performance discussions.

## Key challenges

- Resolving customer issues that may require input across multiple stakeholders.
- Delivering quality customer services, while managing competing demands and priorities, unforeseen issues, the high volume of work, and the need to work as part of a team.
- Effectively contributing to a culture of innovation and continuous improvement in a changing and complex operating environment.
